### PROFILE

I am a passionate and curious learner recently completed a Bachelor of Computer Applications (BCA). I have a strong interest in web development and enjoy working with technologies like React, JavaScript, and Laravel. I constantly strive to improve my coding skills through hands-on projects and daily challenges. Alongside technical growth, I am also working on enhancing my English and communication skills. In my free time, I enjoy reading self-help books and learning from meaningful conversations with others.

### WORK EXPERIENCE

#### AADHYA INFOTECH

Computer Instructor

DEC 2024-MAR-2024

- Gained hands-on teaching experience at AADHYA INFOTECH as a trainer for computer applications.
- Taught MS Word, PowerPoint, and Excel to students, focusing on both theoretical and practical knowledge.
- Conducted interactive sessions on HTML, CSS, and JavaScript, helping students build their own web pages.

#### The Crafters

Frontend Developer

AUG-2024-NOV 2024

- I developed a full-fledged e-commerce website for The Crafters, applying my knowledge of React, Javascript and MySQL to create a real-world product. I enjoy building user-friendly websites, solving problems through code, and continuously upgrading my skills to stay ahead in the tech field.

#### HOME TUTOR

LOCAL AREAS

2023-2024

- have teaching experience as a home tutor, where I taught all subjects up to Class 10, with a major focus on Computer Science. I helped students understand academic concepts clearly while encouraging logical thinking and digital skills through practical computer lessons. My teaching approach involved customizing lessons based on individual learning styles, conducting regular assessments, and making sessions interactive and engaging. This experience strengthened my communication skills, patience, and ability to explain complex topics in a simple way.
